

A Very Special Offer from Christine Elder

Are you planning to launch a new product for your business but don't know how to start?

Here's an offer I've just made available that may be a perfect fit for your needs and save you almost \$500 off the cost of my business coaching services and products. Until June 30, I am offering a **Business Building Bonus Package** when you sign up for my mentor; Nathalie Lussier's * [Launch It and Profit course](#) through this link. She's hosting a free [video series](#) that you may want to hop on if you're interested in learning more. She only offers this program once a year and enrollment closes June 30th and runs live during the month of July. My bonuses are designed to be a perfect complement to Nathalie's course, allowing you to more fully implement her strategies for a successful launch.

My [Business Building Bonus Package](#) (a value of \$480) includes these products and services:

- 1) Business Building Resources Guide
- 2) 45-minute Strategy Session
- 3) Comprehensive Website Review
- 4) Newsletter Nuggets o' Wisdom
- 5) Fast Track Your List Building

Why am I willing to give away so much value? Because I believe in Nathalie Lussier's products, as a current member of her programs, and I'm celebrating the launch of the new [coaching branch](#) of my business and am happy to get my services in front of new people.

To qualify for my bonus package, you must sign up for Nathalie's program at [this link](#). Then you may go to my [scheduling page](#) and set up an appointment to redeem the first two bonuses! The rest will be available August 1st.

***Disclosure:** I am an affiliate for this program which means I earn a commission if you purchase Nathalie Lussier's [Launch It and Profit course](#) through this link.

The income generated from such affiliate partnerships allows me to support environmental and conservation organizations ([see my Giving Back page here](#)), including my upcoming trip to teach and speak at the BirdsCaribbean conference in support of endemic bird conservation and local children's environmental education programs.

Questions? Feel free to contact me, I'd love to tell you more.
